Production and Operations Management: Manufacturing and Services (The Irwin/McGraw Hill series) Richard B. Chase, Nicholas J. Aquilano, F. Robert Jacobs

Probably the most respected operations text on the market. This is an introductory operations management text that does well in both the introductory undergraduate OM course as well as at the senior level and graduate levels. It can also be found in industrial engineering. Chase's reputation for modern coverage and currency is largely the reason it has gained its reputation as an upper level course.
