**Color Psychology and Color Therapy. A factual Study of the Influence of Color in Human Life (Library of the Mystic Arts) [Hardcover]** Faber Birren

"When 'Color Psychology and Color Therapy' first appeared in 1950, it was fairly well reviewed in the medical press. There were reservations, of course, especially where I launched into mysticism, but for the most part the medical reviewers found the text not without a measure of interest." (Preface by the author to the revised edition). Interesting study concerning human health and Color phsychology.
