The King of the Golden River John Ruskin

This is the classic fairy tale of what happened to two men who tried to get rich in evil ways and of how the fortune they sought came to their younger brother, whose kind and loving heart prompted him to right action. The King Of the Golden River is widely regarded as a masterpiece of 19th century stories for children.

John Ruskin's The King of the Golden River exemplifies the literary fairy tale, a form which, like the literary ballad, imitates the anonymous products of popular or folk tradition. Ruskin's tale, which he wrote in 1841, two years before he began Modern Painters, tells of Hans and Shwartz, two selfish, evil brothers whose greed costs them their Edenic Treasure Valley and then their lives, and of the third brother, Gluck, whose generosity and self-sacrifice restore the valley's fertility.
