A vampire and a slayer walk into a bar... Sounds like the beginning of a bad joke, but for Veronica and Mackenzie, it's the beginning of the rest of their lives... The world has seen its fair share of evil, but Veronica Chase had no idea such monsters truly existed. Werewolves, poltergeists, witches... even vampires. Ignorance was bliss. But her reality was crushed on that horrid day her family was taken away from her. Now, Veronica has devoted her entire life to hunting those very creatures, searching for the werewolf pack that murdered her parents in hopes of finding her abducted sister. Nothing will get in her way of settling the score for the hand she was unjustly dealt. That is until her newest assignment brings her to her knees. After one hundred and eight years on earth, Mackenzie Jones thought he had seen it all. With the exception of daylight of course, but that's what comes with the territory being a vampire and all. Perpetually damned to live his life as a bartender in the shadows of the night, nothing has sparked his interest lately. Just once he wished something exciting would happen in his mundane life. Little did he know, his wish was about to come true. Walking through the door to his bar, and into his heart, Mackenzie allows love to take the wheel for the first time. There's just one slight problem. She's there to kill him.
