West Nile Virus Toolkit - Comprehensive Medical Encyclopedia with Treatment U.S. Government

This up-to-date and comprehensive set of two CD-ROM discs provides a superb collection of official Federal government documents on the subject of West Nile Virus. The West Nile Virus (WNV) is most often spread to humans from the bite of an infected mosquito. Therefore, persons working outdoors when mosquitoes are actively biting are at risk of infection and should be educated about this occupational health issue and available recommendations. The virus can also be transmitted through contact with infected animals, their blood, or other tissues. For patients, practical information is provided in clearly written patient education documents. For medical professionals, doctor reference tools and texts have detailed technical information and clinical background material. There is no other reference that is as fast, convenient, and portable - everything you need to know, from the federal sources you trust. This thoroughly researched collection presents vital information from many authoritative sources: Food and Drug Administration (FDA), Centers for Disease Control (CDC), National Institutes of Health (NIH) and the relevant institute for this disease, and others. In addition to the comprehensive disease-specific coverage, this disc set also includes our Medical Encyclopedia, a \$19.95 value! The Encyclopedia presents a collection of official documents about a wide range of medical topics, diseases, illnesses, health and wellness. There is vital information from the National Institutes of Health (NIH), the Centers for Disease Control (CDC), National Cancer Institute, and more. Topics covered include: major diseases, including cancer, heart and vascular disease, stroke, blood diseases and disorders, lung diseases, and neurological disorders such as dementia and epilepsy * CDC Health Topics A to Z, Foodborne Illnesses, Infants and Children, Injuries, Occupational Health, Older Adults, Women * CDC Travelers' Health - Destinations, Vaccinations, Diseases, Mosquito, Tick, Food, Water, Clinics, Yellow Book, Children, Airplanes, Cruise Ships, Special Needs, Relief Workers, * Dietary Guidelines * NIH A to Z from abnormalities to X-rays. Since navigating the Internet to find additional non-governmental medical information can be confusing, we've also provided our exclusive "Guide to Leading Medical Websites" with updated links to 67 of the best sites for medical information! Built-in weblinks let you quickly check for the latest clinical updates directly from the government and the best commercial portals, news sites, reference/textbook/non-commercial portals, and health organizations.
