Hokusai's 36 Views of Mount Fuji Fugaku Sanjurokkei I've long been a fan of Hokusai, and love the 36 Views of Mount Fuji series, so I put this little book together for myself with images of the prints in the series that I have collected over the years from various public sources. It turned out so well, I thought others might find it useful, so I decided to make it available to others using the amazing technology available today. This book simply contains a small (about 4" x 6") full-color copy of each of the 46 prints (sic: 36 Views has 46 views in it) in the series 36 Views of Mount Fuji. I use the book as a reference and reminder. There is no commentary or discussion, just the pictures, with the name in English & Japanese (romaji & kanji). I've indexed each picture with keywords, so if I want to find one with a ferry boat, the ones with snow, the one with the little turtle, or the salt gatherers, I can find them in the index. If you are interested in Hokusai's work, you might find this book as useful as I have.
