Mapping Census 2010: The Geography of American Change Riley Peake

Mapping Census 2010: The Geography of American Change is an atlas of the American people: who we are, and where we are. Using the latest census data and geographic information system (GIS) technology, this atlas examines how our unique population is moving and changing. These large, full-color maps illustrate population density, age, and racial and ethnic composition with clarity. *Mapping Census 2010* is an invaluable resource for government officials, policy makers, and citizens interested in social change.
