The Vedic Core of Human History: And Truth will be the Savior M. K. Agarwal

The origin of world civilization can be traced to the Indus Valley cradle, where brilliant and original thinkers made groundbreaking discoveries. The history of these discoveries is recorded in the vast Sanskrit literature. In this study, author M. K. Agarwal explores the cultural and historical significance of the region. He explores Indus Valley culture, which encouraged creative thought-as opposed to the Abrahamic faiths, which herded followers into dogmatic thinking. He holds that these religions prospered because of their unfettered hatred of the Vedic-Hindu-Buddhist peoples, who were demonized as pagans to be murdered, tortured, raped, enslaved, and robbed. He also considers the achievements of that culture, such as the creation of the most affluent, most scientifically advanced, and most spiritual of all societies, with archeological moorings that can be traced back to 8000 BC. No other region can even come close to transforming people and culture like the Indus Valley, but the world's Vedic roots have been ignored, shunned, and covered up. Uncover the history that has been lost and develop a deeper appreciation for the true cradle of human civilization with The Vedic Core of Human History.
