The Philosophy of Charlie Kaufman (Philosophy Of Popular Culture)

The Philosophy of Charlie Kaufman (Philosophy Of Popular Culture)

From the Academy Award-winning *Eternal Sunshine of the Spotless Mind* (2004) and Academy Award-nominated *Adaptation* (2002) to the cult classic *Being John Malkovich* (1999), writer Charlie Kaufman is widely admired for his innovative, philosophically resonant films. Although he only recently made his directorial debut with *Synecdoche, New York* (2008), most fans and critics refer to "Kaufman films" the way they would otherwise discuss works by directors Woody Allen, Martin Scorsese, or the Coen brothers. Not only has Kaufman transformed our sense of what can take place in a film, but he also has made a significant impact on our understanding of the role of the screenwriter.

The Philosophy of Charlie Kaufman, edited by David LaRocca, is the first collection of essays devoted to a rigorous philosophical exploration of Kaufman's work by a team of capable and critical scholars from a wide range of disciplines. From political theorists to philosophers, classicists to theologians, professors of literature to filmmakers, the contributing authors delve into the heart of Kaufman's innovative screenplays, offering not only original philosophical analyses but also extended reflections on the nature of film and film criticism.
