Western Star: Moonshine Mayhem (The Western Star Series Book 2) P.S. Witte

Mechanical mayhem abounds in the continuing saga of the Western Star! Lyria, Zane, and the ever-scraggy orphans return for more steampunk-laden adventures in Two Moon, Texas. The proliferation of caves and valleys in the nearby mountains provide a natural camouflage for an assortment of activities, but a series of explosions draws attention to an unsavory gang of moonshiners' nighttime activities as well as a strange, glittering new ore.

The Founders Day celebration provides the perfect field test for Lyria's latest application of this new geological discovery, but when the curiosity of a rival mechanist is piqued, it might be too much of a challenge, even for the Western Star.
