## Doing Cultural Geography (Doing Geography series)

Doing Cultural Geography is an introduction to cultural geography that integrates theoretical discussion with applied examples. The emphasis throughout is on doing. Recognizing that many undergraduates have difficulty with both theory and methods courses, the text demystifies the 'theory' informing cultural geography and encourages students to engage directly with theory in practice. It emphasizes what can be done with humanist, Marxist, poststructuralist, feminist, and postcolonial theory, demonstrating that this is the best way to prompt students to engage with the otherwise daunting theoretical literature.
