Constructions of Masculinity in British Literature from the Middle Ages to the Present (Global Masculinities)

Constructions of Masculinity in British Literature from the Middle Ages to the Present (Global Masculinities)

This collection provides a unique and comprehensive historical overview of how masculinity has been constructed within national literature. Through a sustained focus on the nexus between gender, sexuality, language, and literature for the construction of identity, it represents an important contribution to the theoretical understanding of key British literary texts from the perspective of masculinity studies.
