## **The Seventh Year Stretch: New York Mets, 1977-1983** Greg Prato

There's no denying that the seven year span between 1977-1983 was one of the darkest in New York Mets history. After all, it was during this time that the team failed to post a single winning season, traded away the most beloved Met of all-time, and took a back seat once again to their crosstown rivals, the Yankees (who were busy winning two World Series). But it was also a time in which quite a few colorful and memorable players donned the Mets uniform, while the Amazins slowly but surely began putting together the "pieces of the puzzle" that would eventually lead to a dramatic World Series win in 1986. 'The Seventh Year Stretch: New York Mets, 1977-1983' is the first-ever book to focus solely on this era of the team. Featuring all-new, exclusive interviews with players and those close to the team, the book is a fly-on-the-wall view of what was going on behind the scenes and on the field. Set up in the oral history format, 'The Seventh Year Stretch' reads like a documentary, but in book form.
