Lucifer's Fall Richard Morgado

In a tale as old as human thought, Lucifer's Fall re-crafts this ancient fable in a way that permits the reader to engage in thoughts of doubt, rebellion, love and positions of power – concepts that cease to die even through thousands of years of human evolution. In many ways, the thought of a fallen perfect creature resembles ourselves as we begin to understand the complexities of existence, society and the universe in which we live in. Morgado invites the reader to take a journey to a mythical past and discover that little has changed and the wonder of whose side to take in this captivating story.
