An abduction account. Many people believe that we are alone in the universe; we are not alone. Many people want proof of extraterrestrial visitation and why not. However, those who have been taken or visited by extraterrestrial beings are not given proof; all they have is their own unique experiences. Most will not share their experiences with others fearing job lose or other humiliations that comes when telling others of such extraordinary and bizarre experiences. Human abductions by extraterrestrial beings happen— believe it or not.
