- Diagnostic and Differential Diagnosis Boxes aid in test selection and diagnosis.
- Includes easy-to-find special icons for Emergency and Physician Referral Boxes to indicate conditions that require immediate referral to a specialist or emergency room.
- Health Promotion Content in many sections highlight the importance of health teaching and health promotion in the care of patients.
- Management sections incorporate evidence-based recommendations including specialty organization guideline recommendations and current, ongoing research findings.
- Collaborative format recognizes the importance of comprehensive, cost-effective collaborative patient care.
- Features a 10-page, 4-color plate section with high-quality photos of physical findings.
- Thoroughly covers cardiac conditions and office emergencies, areas not usually discussed in detail in other primary care texts.
- Includes a new introductory unit concerning the business and practical aspects of nurse practitioner practice.
- New Collaboration in Research chapter contains information regarding the clinical partnership or collaboration with academic colleagues.
- New Population-Based Care chapter addresses the fact that health care systems are beginning to become more community focused. The role of the health care provider is expanding to provide programs that focus on community needs.
- New Chronic Disease Management Teams chapter provides current research-based information regarding a team-oriented approach to care of the patient with chronic health issues.
- New Reimbursement chapter addresses the financial issues facing the NP in private practice.
- New Infectious Diseases unit addresses the most current health care issues in primary care, including mutating infections and emerging infectious diseases.
