The Magic Garment: Principles of Costume Design Rebecca Cunningham

The costume designer's art lies in effective interpretation, collaboration, and execution. Doing so successfully requires a solid foundation in general artistic principles and specific knowledge of how those principles apply to contemporary costume design. In *The Magic Garment*, Rebecca Cunningham presents readers with just such an artistic foundation and develops it to expose beginning costume designers to the myriad skills they need to develop in order to costume successful stage productions. She begins at the most basic conceptual level--reading plays from a costume designer's perspective. She then follows through with the practical considerations that must be considered at every stage of the costuming process--research, development, sketching, and costume construction. Cunningham has built on the long-standing success of the outstanding first edition with new figures and updates throughout the text, including 16 pages in full color. Examples have been selected from a wide range of stage productions representing a variety of designers, styles, and approaches. Interviews with practicing designers from stage, film, and other media show the practical importance of the book's concepts. Every chapter incorporates material reflecting the increased impact of technology, especially computers, on costuming. New chapters on designing costumes for film and television and preparing for a costume design career make the second edition even more versatile and practical for every would-be and new-to-the-job costume designer.

Written throughout good manner for you, dripping every ideas and creating skill only for eliminate your own hunger then you still skepticism The Magic Garment: Principles of Costume Design as good book not simply by the cover but also from the content. This is one reserve that can break don't evaluate book by its deal with, so do you still needing yet another sixth sense to pick this particular!?! Oh come on your examining sixth sense already told you so why you have to listening to yet another sixth sense.

Elizabeth Maez:

As a university student exactly feel bored to reading. If their teacher inquired them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's heart and soul or real their hobby. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that looking at is not important, boring in addition to can't see colorful photographs on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever you want. Likewise word says, ways to reach

Chinese's country. So , this The Magic Garment: Principles of Costume Design can make you sense more interested to read.
