Volume IV of America's Indomitable Character contains information on: ? A synopsis of Volume III. ? Philosophical and intellectual streams of thought as they came from Old Europe and connected with the intellectual developments of the New America. ? Transcendentalism and Dark Romanticism. ? A presentation regarding Nature, human nature, society, the social contract in the following authors: Ralph Waldo Emerson, Henry David Thoreau, Nathaniel Hawthorne, (Sarah) Margaret Fuller Ossoli, Theodore Parker, Herman Melville, Walt Whitman, Emily Dickinson. ? How the development of a national literature contributed to the development of an American character identity. ? Identities and affinities between the American authors and Jean-Jacques Rousseau. ? The Reiseweg of Rousseau's spirit to America. ? A conclusive summary of all four volumes. ? How the Democrat Party after the Civil War and up to Barack Hussein Obama has been exceedingly active in making sure that the values expressed in the Declaration of Independence and the Constitution for the United States of America were not applied to all Americans - from the Democrat Party affiliated Ku Klux Klan, through the communist takeover of the Democrat Party, to the defeat of racism in the second half of the twentieth century and the re-emergence of racism with the racist class division polemics of Barack Hussein Obama in the twenty-first century. ? How the Democrat Party has dumbed-down American citizens. ? How Barack Hussein Obama, the putative president of the United States of America, has hollowed out the substance and laws that were once the backbone of America's character identity; from symbolical insults, through the expansion of social programs and the weakening of national defense, to the destruction of America's religious identity and the erosion of the middle class. This is Barack Hussein Obama's active destruction of American character identity.
