During her senior year in high school, renowned sculptor Tonya Mimms discovered that she is different from all the other girls, except for that one girl, who winked her left eye at Tonya and made her feel as though she had been kissed on the nape of her neck. Since that horrifying, precious day, Tonya has been using her artwork to forget how painfully sweet that wink felt.

Ten years later, Tonya meets Malcolm Holland, a charming accountant with a dazzling gap between his teeth that lures her in the way a man's secrets seduces a woman's ear. Suddenly, that girl from high school fades from her memory as Tonya finds herself genuinely in love with a man for the first time in her life. But Tonya's happiness turns to fearful bliss when she happens upon Satin Pierce, an alluring, fascinating bookstore owner, who has one of Tonya's sculptures prominently displayed on a shelf in her bedroom, as if in anticipation for the fateful day that she will make Tonya remember the thrilling sweetness of that first kiss on her nape.

In *Water in a Broken Glass*, Odessa Rose paints a landscape where identities sculpted by art and narrow boundaries are put to the test of life and all of its possibilities.
